DFU

Polyco Dyflex Ultra PU Palm Coated Glove with Dyneema® Diamond Technology

PRODUCT INFORMATION

Item Number	**DFU**
Product Colour	**Grey**
Size Range	**6-11**
Primary Coating Polymer	**Polyurethane**
Grip	**Polyurethane Coating**
Cut Score	**C**

FEATURES

Cut Resistant: The liner, made with Dyneema® Diamond Technology, provides cut resistance without the use of abrasive materials
Achieves cut level C according to EN388, for protection in high risk cut hazard applications.

Comfort: Ultra-lightweight liner engineered without the addition of brittle glass fibre or steel; ensures the safety and superior comfort of the wearer during prolonged use

Flexibility: Strategically designed to offer optimum levels of flexibility and comfort without compromising protection

Abrasion Resistant: Achieves a maximum score of Level 4 for abrasion resistance as defined by European Standard EN388

Grip: The resilient polyurethane palm coating is flexible and very hard wearing

Primary Coating Polymer: Primary Coating Polymer - Polyurethane

Unique Feature: SanitizedTM glove featuring an antimicrobial treatment that provides added protection against harmful bacteria and fungi. The additive protects the gloves from microbial growth, odours and provides long lasting material protection.

Fit: Soft seamless knitted liner provides superior comfort for this level of protection
The glove has been designed to be tight fitting to give maximum dexterity in the most delicate of applications
