

C156 : Heavy Duty Carpet Extraction Cleaner

for high soiling in high traffic areas

Description of product

Suitable for use for pre-spraying and spot cleaning of heavily soiled areas. Rapid dirt removal. Compatible with all makes of hot/cold water extraction machines. Low foam for ease of pick up. Pleasantly perfumed. No unpleasant after odour.

Product Uses

Fast acting for high soiling in heavy traffic areas. Developed to rapidly cut through grease and heavy soiling, able to suspend typical winter soiling for easy machine extraction. Compatible with Selden's odour neutraliser and antistatic additives.

Directions

** N.B. Test a small inconspicuous area of the carpet for colour fastness before commencing cleaning. ** Dilute 1 part to 40 parts hot/cold water (to machine specification). Ensure detergent spray is not blocked and suction recovery is functioning correctly. Spray and pick up in accordance with machine manufacturers recommendations. Ensure that as much liquid as possible is extracted from the carpet to speed up drying. For general pre-spraying dilute 1 part to 10 parts water. For heavily soiled areas pre-spray with 1 part to 4 parts warm water then use extraction cleaner as normal.

iN Insight Supported

iN Insight is Selden's interactive product selection and training system. Enables the user to create full COSHH training kits, wallcharts, task cards and more. visit <http://www.selden.co.uk/insight>

iN Insight recommended product uses

- Carpet - cleaning, water extraction
- Carpet - skimming
- Carpet - stain removal

typical dilution

- 1 : 40
