

# Deb Washroom & Shower Manual Dispensers

## PRODUCT DESCRIPTION

Unique range of 1 litre, 2 litre and 4 litre closed, sealed cartridge dispensers that meet the distinct needs of any washroom or shower environment.

## USAGE

For exclusive use with Deb Cleanse Washroom foam soaps and shower products.

## METHOD OF USE

Large, 'easy-push' buttons dispense a controlled dose of product appropriate for the application required. Empty cartridges are easily replaced in seconds.

FEATURES	BENEFITS
<b>Guaranteed for life</b>	All Deb dispensers are manufactured from durable plastic components and rigorously tested for high usage environments, providing assurance of quality and longevity.
<b>BioCote® protected button</b> 	BioCote® antimicrobial protection technology is incorporated at the time of manufacture into the plastic buttons of all Deb manually operated, wall-mounted skin care dispensers. The button is the primary contact point for people using these dispensers and BioCote® technology provides life-long antimicrobial protection to inhibit the growth of a broad spectrum of bacteria and moulds that could potentially cause illness.
<b>Large push buttons</b>	Minimises the operation force required to allow easy use by hand or elbow; suitable in hygiene sensitive areas.
<b>Fixed product dose</b>	Delivers the exact amount required, controlling usage and reducing waste.
<b>Unique locking mechanism</b>	Helps prevent unauthorised access, pilferage and product contamination.
<b>Sight Glass</b>	Provides visibility of the level of product in the cartridge which helps identify when product needs replacing.
<b>Simple cartridge replacement</b>	Designed for exclusive use with Deb skin care system products to enable cartridges to be replaced in seconds, reducing maintenance time and costs.
<b>Hygienic, airless cartridges</b>	The ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure 'fresh' product is dispensed every time.
<b>Minimal waste</b>	The air-tight cartridges are designed to collapse to minimise product waste.
