

# Stokolan® Sensitive PURE

## Enriched Skin Conditioning Cream

### PRODUCT DESCRIPTION

Enriched skin conditioning cream with a high level of moisturisers to care for dry, very dry and sensitive skin. Perfume-free and dye-free.

### WHERE TO USE

For use in industrial, food and healthcare environments, especially where employees have sensitive skin.

### INSTRUCTIONS FOR USE

- Apply 1ml to clean and dry skin prior to extended breaks and at the end of the working day.
- Rub on all areas of the hands, including between the fingers and around the fingernails.
- Can also be used on the face.

After-work skin care creams help to maintain the skin in good condition keeping it strong and healthy, avoiding dryness. Using care creams is an important element in skin care best practice.

FORMAT: **CREAM**

FEATURES	BENEFITS
Enriched skin conditioning formula	Specially formulated to nourish and hydrate dry, very dry and sensitive skin.
Perfume-free and Dye-free	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
Rich in moisturisers	High levels of Glycerin and Urea enhance the water holding capacity of the skin's upper layers, supporting the skin's own moisture system and helps improve skin elasticity.
Contains Creatine	Included to encourage the skin's own production of barrier lipids and support cell renewal.
Suitable for food facilities	Product has been independently evaluated and trace amounts of the product are not expected to cause adverse toxicological effects. Food handlers should use product only in accordance with label instructions and product should not come directly into contact with food or items that contain food.
Skin Hypoallergenic	Dermatologist tested to verify and confirm this product has very low allergenic potential and is designed for sensitive skin.
ECARF Certified <sup>1</sup>	This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for being well tolerated by sensitive skin. <a href="http://ecarf-siegel.org/en/about-seal">ecarf-siegel.org/en/about-seal</a> .
Compatible with alcohol-based hand sanitisers	Can be used in hygiene sensitive areas where hand sanitising procedures are necessary
Silicone-free	Suitable for use in any production sites where paint and surface coating processes are undertaken.
Compatible with rubber production processes	Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanisation process.

## Enriched skin conditioning cream

### STATUTORY REGULATIONS

This product is a cosmetic product regulated by and complying with Regulation EC No 1223/2009 (as amended) on Cosmetic Products.

### SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from [www.debgroup.com/msds](http://www.debgroup.com/msds).

### SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature. For shelf life after opening: see indication on packaging.

### SUITABLE FOR USE IN FOOD HANDLING AREAS

Stokolan® Sensitive PURE as per usage instructions, does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows -

1. Impact on smell and taste of foodstuffs - The formulation has been independently tested according to 'Sensory Analysis - Methodology - Triangle Test BS EN ISO 4120:2007' and proven to not have the potential to taint food.
2. Possible toxic effects of ingredients - An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product, are unlikely to cause adverse toxicological effects.

### CERTIFICATIONS

#### ECARF Seal of Quality

This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. Cosmetics can receive the seal of quality for meeting the following criteria:

1. Quantitative risk assessment of the product ingredients with respect to their potential for skin sensitisation, taking into account their specified conditions of use and amount.
2. Medically supervised clinical trials by volunteers with atopic dermatitis.
3. Approved system of quality control management.

For more information go to <http://ecarf-siegel.org/en/about-seal>.

### QUALITY ASSURANCE

SC Johnson Professional skin care products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in our high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

### INGREDIENTS

AQUA (WATER), PARAFFINUM LIQUIDUM, GLYCERIN, GLYCERYL STEARATE SE, BIS-DIGLYCERYL POLYACYLADIPATE-2, STEARIC ACID, CETEARYL ALCOHOL, UREA, POTASSIUM STEARATE, CREATINE, 1,2-HEXANEDIOL, CAPRYLYL GLYCOL, TROPOLONE.

### PRODUCT SAFETY ASSURANCE

#### Skin Compatibility Test

Independent dermatological tests conducted to assess the skin compatibility of the product using voluntary test persons in occlusive, 72 consecutive hour application models, shows the product to be non-irritating in use.

#### Toxicological Approval

The product has been assessed by an independent toxicologist and has been declared to be safe for use on the hands and body of adults aged 16 and above.

#### Skin Hypoallergenic Risk Assessment

The formulation has been assessed by an independent toxicologist to be formulated in such a way as to provide either minimal or no risk of provoking allergic skin response and thus meets the requirements for being described as 'Hypoallergenic' (Delphic Solutions Ltd, UK).

Allergy sufferers should always refer to the ingredient list before using the product.

### COMPATIBILITY TESTS

#### Rubber Production Process Compatibility

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with DIN EN ISO/IEC 17025, the use of Stokolan® Sensitive PURE in rubber production process does not influence the cohesive strength of rubber.

#### Sanitiser Compatibility Test

The compatibility of Stokolan Sensitive PURE with alcohol-based hand sanitisers was tested using a modified EN13727 test protocol. Results show that Stokolan Sensitive PURE does not negatively affect the efficacy of alcohol based hand sanitisers against *Ps aeruginosa*, *E coli*, *S aureus* and *E hirae*.

### EFFICACY TESTS

#### Skin Hypoallergenic

The perfume-free and dye-free formulation did not demonstrate a potential for eliciting dermal irritation or sensitisation after conducting an independent 6 week Repeat Irritation Patch Test (HRIPT).

Allergy sufferers should always refer to the ingredient list before using the product.

#### Skin Hydration Test

The moisturising properties of Stokolan® Sensitive PURE were assessed via application of the product twice daily at an interval of approx. 5 hours to the forearm skin of healthy volunteers over a 4 day test period. The starting values for the skin moisture were determined in the morning by means of the Corneometer® and before the first application and then again on the morning of the subsequent day.

Results show that under repeated usage conditions, Stokolan® Sensitive PURE provides the skin with consistent levels of increased hydration; over 2 times more than untreated skin. This demonstrates that the skin moisture is clearly improved by Stokolan® Sensitive PURE when used regularly.

#### 4 Day Skin Hydration Test
