SEBO AUTOMATIC XP

THE PROFESSIONAL ALL-ROUNDER

The SEBO AUTOMATIC XP can tackle high pile carpets as easily as smooth floor, can go flat to get under furniture, and with the integrated hose and wand is always ready for reaching into accessible areas. Easy unblocking and brush roller change make maintenance simple, whilst the low pushing force and ergonomic handle make it light and comfortable to use.

01 Automatic Adjustment

The sensor controlled automatic height adjustment measures brush action and sets itself to the optimum position, from smooth floor to high pile carpet. On smooth floors a sealing strip behind the brush ensures even fine dust is picked up.

03 Works When Flat

The SEBO AUTOMATIC XP works even when it is completely flat. With a low-profile design, it can reach under furniture for all-round cleaning performance.

04 Easy Brush Change

When it needs replacing – which is indicated by a red light – or just to clean hair and fibre, the brush roller can be removed just by pressing a button.

02 "A" Rated Filtration

The SEBO AUTOMATIC XP is designed to protect the user from harmful dust and also to give the highest levels of filtration. The sealable high-filtration bag ensures hygienic removal of collected dust from the vacuum cleaner. Combined with the pre-motor and post-motor microfilters, the overall filtration is rated "A".

05 Integrated Hose and Wand

The hose and wand have a combined reach of 2.60m and the built-in crevice and upholstery nozzles are ideal for cleaning furniture and inaccessible areas.

SEBO AUTOMATIC	XP 10	XP 20	XP 30
RATED INPUT POWER	890 W	890 W	890 W
AIR FLOW	43.3 l/s	43.3 l/s	43.3 l/s
FILTER BAG VOLUME	5.3 l	5.3 l	5.3 l
WORKING WIDTH	31 cm	37 cm	44 cm
ESTIMATED PRODUCTIVITY	280 m ² /h	333 m ² /h	415 m ² /h
WEIGHT	7.8 kg	8.1 kg	8.4 kg
CABLE LENGTH	10 m	10 m	10 m
ENERGY EFFICIENCY CLASS	C	B	A
ANNUAL ENERGY CONSUMPTION*	36.1 kWh	28.2 kWh	26.9 kWh
CARPET CLEANING PERFORMANCE CLASS**	D	C	E
DUST RE-EMISSION CLASS	A	A	A
SOUND POWER LEVEL	80 (d)B	80 (d)B	80 (d)B

* Indicative annual energy consumption (kWh per year), based on 50 cleaning tasks.
Actual annual energy consumption will depend on how the appliance is used.

** Not suitable for use on hard floors with delivered nozzle.
